Report

Green Campus Report

Initiatives Restricted entry of Automobiles: The “No Vehicle Day” activity is being run by the institute once in a month at Saturday. This activity is adopted by the college staff as well as students. It shall be observed as a No Vehicle Day on 01 Jan 2020. As a result, a notice was sent to all students and faculty members on 01 Jan 2020. All entry points into the campus were closed for vehicles and those who come by vehicles had to park them outside the campus and walk to their department or office. Most of the students of our College come from nearby villages, they use public state transport for daily commute to the college.

Ban on use of plastic-plastic free campus

Plastic free campus: Students are appealed not to use plastic materials to maintain plastic free campus. In this regard instructions are given to students in the class rooms as well as notice boards. The premises are also kept clean though cleanliness campaigns with the help of NSS Volunteers. Students are instructed to use garbage cans for disposal of water, pouches, plastic bags, which helps in maintaining cleanliness on the campus. Dustbins have been kept in each class room, library, office, and staff room. All this garbage is collected with the help of non-teaching staff and transferred to the garbage truck of the Municipal Corporation for disposal

Report

A very auspicious tree Plantations programme was organized beyond the campus at Deshpande Tanda. to create an awareness regarding important of tree as they improve the life and fulfil essential needs of mankind and how it helps cleaning the environment and uses of medicinal plants. All our teaching, non-teaching and NSS Volunteers were actively participated in tree plantation event. We had planted many trees during this event, so as to create a very healthy environment and contribute in minimizing the climatic changes Due to this activity freshness developed in the surrounding atmosphere and encouraged the students to plant at least one each tree near their home or surrounding area. All program was successful with the support of our principal sir, staff and NSS Volunteers.

POLICY DOCUMENT ON THE GREEN CAMPUS

Green Campus: A Green Campus is a place where environmentally friendly practices and education combine to promote sustainable and eco-friendly practices in the campus. The green campus concept offers an institution the opportunity to take the lead in redefining its environmental culture and developing new paradigms by creating sustainable solutions to environmental, social and economic needs of mankind.

Objectives of the Go Green Programme: The first step of the Go Green Programme involves establishing a viable Green-Campus Committee, within the organizational structure of the Institute. Hence, to give this initiative more clarity and authenticity, we now roll out a **POLICY DOCUMENT** spelling out the strategies, plans and other allied tasks to make this Programme functional officially.

We believe that greening the campus is all about sweeping away wasteful inefficiencies and using conventional sources of energies for its daily power needs, correct disposal handling, purchase of environment friendly supplies and effective recycling program. The administration of the Institute believes that everyone has to work out the time bound strategies to implement green campus initiatives. These strategies need to be incorporated into the institutional planning and budgeting processes with the aim of developing a clean and green campus. Every individual of Vidya Bharati Campus will work, may he/she be a student, faculty and support staff to foster a culture of self- sustainability and make the entire campus environmentally friendly. The Green Campus Initiatives (GCI) will enable the institution to develop the campus as a living laboratory for innovation.

Composition of the Go- Green Committee

1. Principal of the college- Chairperson
2. IQAC Coordinator- Secretary
3. Faculty Representative nominated by the principal
4. Student Representative- General Secretary of the college
5. Non-Teaching Staff Representative- Office Superintendent

B. Role of the Go- Green Campus Programme:

The impetus for a successful Green Campus must begin at the top and emanate throughout the rest of the campus. Without a strong message of commitment and involvement from both the

Chairperson and Members of the Committee, well-intentioned initiatives may be too fragmented to allow for Institute-wide participation. Thus, in view of this, the committee will plan and execute to:

1. Seek views of all the Stakeholders to make the Go Green Campus initiative functional throughout the year.
2. Conduct the Campus' environmental impacts to identify the targets for improvements.
3. Establish a Green Campus Environmental Ethic Awareness campaigns.
4. Set forth a Green Campus Mission and a Statement of Principles
 5. Link Green-Campus activities to Academics in the Institute.
 6. Organize Awareness Programs for the students, faculty and society.
7. Chart out a yearly planner for the Institute, local community and Stakeholders.
8. Develop a strategic plan and create student teams to carry out specific tasks of the strategic plan i.e. save energy at the institute level with time bound plan.
9. Phase out the CFL and conventional light source such as bulbs and tube lights, halogen and mercury street/campus lights and get them replace by the LEDs.
10. Conduct an Annual Green, Environment and Energy Audit.
11. Purchase only Energy Efficient Computers viz: “ENERGYSTAR” or any other equivalent.
12. Evaluate daily operations in terms of pollution prevention, waste stream management, and energy efficiency reducing, reusing, recycling, and repairing wherever possible.
13. Secure a commitment up front from the people in charge that well-founded recommendations will be acted upon once audits are completed.

C. Promotion of “Save Energy Tips” in and outside the Institute:

Activate power management features on your computer and monitor so that it will go into a low power “sleep” mode when you are not working on it.

- Turn off your monitor when you leave your Table.
- Activate power management features on your laser printer.
- Whenever possible, shut down rather than logging off.
- Turn off unnecessary lights and use daylight instead.
- Avoid the use of decorative lighting.

Use LED or compact fluorescent bulbs.

- Keep lights off in conference rooms, classrooms, lecture halls when they are not in use.
- Use the fans only when they are needed.
- Unplug appliances not plugged into power strips (like TVs, Refrigerators, ACs, printers, faxes, and chargers etc.)

D. Waste water Management/ Rain water harvesting:

The Institute has to work in the direction of waste water management Rain water harvesting in our campus. Water flow restrictors on bathroom faucets and showers, low water flow

toilets and automated urinal flushers should be used to cut down campus water use. The Institute will take all necessary measures to implement waste water management /rain water harvesting.

E. Major Green Campus Initiatives:

- Sensor based energy conservation
- Displayed poster on E-waste Management
- Maintenance of water bodies and distribution system in the campus
- Plastic free Campus
- Tree Plantation Drive
- Cleanliness Drive
- Landscaping and gardens
- Use of LEDs only
- Digital Library/ E-Learning Centre
- Organization of sensitization programmes for the stakeholders
- Green, Environment and Energy Audit conducted
- Restricted entry of automobiles
- No Vehicle Day observed

The Institute will make all the necessary efforts to involve the students, faculty and staff in “GreenCampus Initiatives” by designating the volunteers NSS, YRC & ROVERS, RANGRS cadets, printing T- shirts/ Caps with green campus initiative slogan specially designed for the purpose. For further details and enquiry, please feel free to write to us:

There are about 19,00,00,000 students in INDIA. If every student saves one sheet per day, 19,00,00,000 sheets of paper meaning 988 tons of paper will be saved every day. This is equivalent to saving 2748.54 tons of wood a day. This will lead to saving about 33,00,678 trees per year.

SO, LET US ALL USE BOTH SIDES OF THE SHEET even better adopt E-CORRESPONDENCE.
