7.3 Institutional Distinctiveness

Providing Quality Education to The Rural Youth

The college was established in 1979 by S S V V SANGH'S association, Indi district- Bijapur with the objective of providing Higher Education to the youth in this educationally backward area of Karnataka. The President, General Secretary and all the members of Governing Body of Parent Association are great visionaries, philanthropists and educationists who strive restlessly for the upliftment of disadvantaged rural community. This college was established with the following broad-based vision and Mission. Vision Empowering of Rural Students through Rural Oriented Higher Education. Mission To offer excellent education to the poor and the backward class students of the rural area and goal at the overall personality development of the students through extra and co-curricular activities, social and cultural organizations. The institution is committed to provide quality education to the rural youths at affordable cost. It constantly strives for holistic development of students and extends all support to academic progress. The distinctiveness of our college is effectively reflected in the following points.

- Since the college is situated in urban area, the faculty strives to disseminate the importance of education in local and neighbourhoods aiming at transforming all the poor and rural youngsters into educated, qualified and responsible citizens.
- We are proud that ours is the premier institution with better infrastructure than the peer institutions in this backward locality providing the rural and under EST.1979 DISTINCTIVENESS privileged communities an affordable and easy access to higher education.
- The college has 100% students from rural areas and most of the students are first generation learners.
- Since most of the students belong to BPL families their parents are unable to get their children educated in urban areas. So, ours is the distinct institution in this locality.
- We have the appropriate ICT infrastructure like classrooms with LCD projectors, Smart Boards, Computer Lab, Language Lab, ICT and Commerce Lab enabled spacious Conference Hall for providing quality education to the rural community within their reach. The institutions in the surrounding locality do not have such modern facilities.
- Facilities are provided for free training programmes for students to attain the required competency, employability and knowledge for facing competitive examinations. The college has signed MoU with Shree Mata IAS/KAS Academy, Vijayapura and Aryabhata Competitive Coaching Centre, Vijayapura, to train the rural students to make them empowered and future-ready.
- In addition to this, the institution regularly organizes Special Lectures, Seminars/Webinars/Workshops on various topics and burning issues so that the rural youth can learn many new things which are beyond the curriculum.
- The institution also conducts Students and Faculty Exchange Programmes with the peer institutions in the surrounding locality and provides to the students an opportunity of learning under diversified learning environments.

- The N.S.S Cell and Scouts & Guides promote the societal values and ethics such as compassion, perseverance, tolerance, positive attitude, fraternity, integrity, equality, temperament of serving others. The acquisition of these societal values ultimately transforms the students into the valuable asset of nation who contribute towards national development. .
- The Women Empowerment Cell and Anti-Sexual Harassment Cell aim at sensitizing the students in gender-based concerns and promote the essence of gender equality to make the society more inclusive, tolerant and ethical.
- The most glaring feature is that 86.17 % of students belong to OBC and 12 % students belong to SC/STs.
