2022-223

Best Practices

1] Title of the Practice – Blood Donation Camp

“Donate blood so that no life is lost due to its paucity. It fills the donor with vitality. Blood donation never brings any weakness rather it is a remedy for many diseases in itself. There is no bigger service & charity than donating blood. Go for this cause & be a Mankind’s saviour.” The moral support people are able to start afresh with self-confidence, forbearance and the will to live. The positive view of life even amidst the ruins and destruction becomes clear when His Holiness teaches them the true meditation.

2] Objectives of the practice:

1. To sensitize the need of donating blood to the needy in time
2. To instill the feeling of helping others to breathe life with their precious donation
3. To motivate all students to take a pledge to donate blood at least once in a year
4. To impart them the value of blood donation
5. To make aware of the scientific information about the blood group

3] Context:

The NSS wing of the Shri.G.R.G Arts, Shri.y.a.p commerce and Shri.M.P.D Science Degree College organizes the Blood Donation Camp on 22-06-2023 in collaboration with Taluka Government Hospital and Blood Centre of BLDE Shri B.M.Patil MedicalCollege Hospital and Research Centre Vijayapur . at Deshapande taanda Indi, and Academic year 2020 on 28-01-2020 in collaboration with Government Hospital Indi and Bijapur Lions Blood Bank trust conducting blood donation camp. The College provides all facilities like space, furniture, Blood group testing rooms, blood donating room with good hygiene and sanitation as per the medical standard. The camp is inaugurated with a motivating session by the subject experts to make the students understand the importance of this best practice. Total 49 units of blood were collected by donation camp organized on 22-06-2023 and 42units on 28-01-2020 respectively. Moreover, Blood donation activity was done by NSS unit of our college.

4]Practice: Prior to donation, the donor Students will be screened to identify their quality of blood to be collected. The underweight and the infected persons will not be allowed to provide donations as the medical advice. Donors will be informed that by each donation their blood cells will be rejuvenated and hence youthfulness in the blood will be present on every occasion. Donors will be provided with scientific information regarding the blood group and its associated diseases.

5-Evidence of Success:

The donor Students get free health check-ups in identifying the pulse rate.

- Total 57 students and staff members of college have donated blood.

- Total 49 units of blood were collected by donation camp organized on 22-06-2023 and 42 units on 28-01-2020, respectively.
- Blood pressure, Body temperature, and Haemoglobin level etc. the donor is informed of their blood group.
- The donor students were given a certificate of appreciation.
- The sick students get proper medical advice from the health personnel.

6]Problems Encountered: Students hailed from the villages and poor backgrounds are found to be ignorant of their health status. Students are much phobic to needles and blood testing. Some students are underweight and anemic due to malnutrition and undernourishment.

Solutions Provided: The weak students are identified and advised to take the medicines for their illness. Plan to create a database of the blood donors:

- A viable database comprising of the blood groups of the alumni will be created and maintained.
- Any recipient can approach the college to get the donors number.
- Thus the college connects to the society.

BEST PRACTICE – II:

1. Title of the practice: ICT in Classrooms

2. Objectives: ICT is used to usher in creativity and innovation in the traditional method of chalk and talk teaching. It is useful in enhancing virtual communication, in better and clear understanding of the concepts, the usage drives away the boredom of teaching learning process. ICT has enabled the educational institutions to be on par with the global standards.

The use of ICT is:

- To create interest in learning.
- To make learning attractive and impressive.
- To encourage individual learning by opening global vista.
- To provide new set of skills. • To save time in delivering the information.

3. Context:

In the context of globalisation and advancement in Information Technology, ICT techniques which are used in teaching learning play a major role in moulding the students' future on par with global standards. It also boosts self-esteem and self-confidence of the students.

Technology makes the students ready for new era and face the competitive world. As a result of LPG, the number of students going in for new ventures has increased considerably. Use of technology has enabled the students who aspire for higher education to gain entry into the world class institutions.

4. The Practice: The use of ICT in teaching learning has witnessed significant change in the learning outcomes of the students. The teachers too have been benefitted to a large extent in providing a comprehensive idea of the subject. The use of audiovisuals, eLearning resources and different learning apps generate renewed interest in the subjects.

The institution practices ICT through the following ways:

- Use of Laptops, Smart Boards and Projectors in Classrooms.
- Access to Internet.
- eLearning resources like Digital Library, CD ROMs, eBooks and ejournals, Nlist, Access to Course Material etc.
- Notifications through SMS to staff and students.

5. Evidence of Success:

Use of ICT in teaching learning has gained vital importance in the modern era. It has resulted in smart manual effort and paperless work. ICT has improved productivity and effective time management.

It has led to:

- Mass Accessibility.
- Confidence level of students and staff is triggered.

- Instant sharing of information, data and images.
- Increased participation of staff and students in representations.
- Significant increase in Placements at Campus Drives.

6. Problems Encountered and Resources Required:

Some of the teachers find it difficult to use ICT in teaching. Eagerness and enthusiasm to learn new things and consistent commitment is required. The difficulty is overcome by orienting, training and motivating the staff members to acquire I.T. skills. Resources are generated through the UGC Development Grants, contribution from the Alumni and Computer Lab Maintenance Fund. Power failure is regular phenomenon which is a major constraint in the use of technology. However, the problem is overcome by installing 35 KVA generator.
