2022-23 Best Practices I

1. Title of the Practice – Blood Donation Camp

Donate blood so that no life is lost due to its paucity. It fills the donor with vitality. Blood donation never brings any weakness rather it is a remedy for many diseases in itself. There is no bigger service & charity than donating blood. Go for this cause & be a Mankind's saviour." The moral support people are able to start afresh with self-confidence, forbearance and the will to live. The positive view of life even amidst the ruins and destruction becomes clear when His Holiness teaches them the true meditation.

2. Objectives of the practice:

1. To sensitize the need of donating blood to the needy in time
2. To instill the feeling of helping others to breathe life with their precious donation
3. To motivate all students to take a pledge to donate blood at least once in a year
4. To impart them the value of blood donation
5. To make aware of the scientific information about the blood group

3. Context:

The NSS wing of the Shri.G.R.G Arts, Shri.Y.A.P commerce and Shri.M.P.D Science Degree College organizes the Blood Donation Camp on 22-06-2023 in collaboration with Taluka Government Hospital and Blood Centre of BLDE Shri B.M.Patil Medical College Hospital and Research Centre Vijayapur . at Deshapande taanda Indi, and Academic year 2020 on 28-01-2020 in collaboration with Government Hospital Indi and Bijapur Lions Blood Bank trust conducting blood donation camp. The College provides all facilities like space, furniture, Blood group testing rooms, blood donating room with good hygiene and sanitation as per the medical standard. The camp is inaugurated with a motivating session by the subject experts to make the students understand the importance of this best practice. Total 49 units of blood were collected by donation camp organized on 22-06-2023 and 42units on 28-01-2020 respectively. Moreover, Blood donation activity was done by NSS unit of our college.

4. Practice: Prior to donation, the donor Students will be screened to identify their quality of blood to be collected. The underweight and the infected persons will not be allowed to provide donations as the medical advice. Donors will be informed that by each donation their blood cells will be rejuvenated and hence youthfulness in the blood will be present on every occasion. Donors will be provided with scientific information regarding the blood group and its associated diseases.

5. Evidence of Success:

The donor Students get free health check-ups in identifying the pulse rate.

- Total 57 students and staff members of college have donated blood.
- Total 49 units of blood were collected by donation camp organized on 22-06-2023 and 42 units on 28-01-2020, respectively.

- Blood pressure, Body temperature, and Haemoglobin level etc. the donor is informed of their blood group.
- The donor students were given a certificate of appreciation.
- The sick students get proper medical advice from the health personnel.

6. Problems Encountered: Students hailed from the villages and poor backgrounds are found to be ignorant of their health status. Students are much phobic to needles and blood testing. Some students are underweight and anemic due to malnutrition and undernourishment.

Solutions Provided: The weak students are identified and advised to take the medicines for their illness. Plan to create a database of the blood donors:

- A viable database comprising of the blood groups of the alumni will be created and maintained.
- Any recipient can approach the college to get the donors number.
- Thus the college connects to the society.

2022-23 BEST PRACTICE – II:

1. Title of the practice: ICT in Classrooms

2. Objectives: ICT is used to usher in creativity and innovation in the traditional method of chalk and talk teaching. It is useful in enhancing virtual communication, in better and clear understanding of the concepts, the usage drives away the boredom of teaching learning process. ICT has enabled the educational institutions to be on par with the global standards.

The use of ICT is:

- To create interest in learning.
- To make learning attractive and impressive.
- To encourage individual learning by opening global vista.
- To provide new set of skills. • To save time in delivering the information.

3. Context:

In the context of globalisation and advancement in Information Technology, ICT techniques which are used in teaching learning play a major role in moulding the students' future on par with global standards. It also boosts self-esteem and self-confidence of the students. Technology makes the students ready for new era and face the competitive world. As a result of LPG, the number of students going in for new ventures has increased considerably. Use of technology has enabled the students who aspire for higher education to gain entry into the world class institutions.

4. The Practice: The use of ICT in teaching learning has witnessed significant change in the learning outcomes of the students. The teachers too have been benefitted to a large extent in providing a comprehensive idea of the subject. The use of audiovisuals, eLearning resources and different learning apps generate renewed interest in the subjects.

The institution practices ICT through the following ways:

- Use of Laptops, Smart Boards and Projectors in Classrooms.
- Access to Internet.
- eLearning resources like Digital Library, CD ROMs, eBooks and ejournals, Nlist, Access to Course Material etc.
- Notifications through SMS to staff and students.

5. Evidence of Success:

Use of ICT in teaching learning has gained vital importance in the modern era. It has resulted in smart manual effort and paperless work. ICT has improved productivity and effective time management.

It has led to: • Mass Accessibility.

- Confidence level of students and staff is triggered.

- Instant sharing of information, data and images.
- Increased participation of staff and students in representations.
- Significant increase in Placements at Campus Drives.

6. Problems Encountered and Resources Required:

Some of the teachers find it difficult to use ICT in teaching. Eagerness and enthusiasm to learn new things and consistent commitment is required. The difficulty is overcome by orienting, training and motivating the staff members to acquire I.T. skills. Resources are generated through the UGC Development Grants, contribution from the Alumni and Computer Lab Maintenance Fund. Power failure is regular phenomenon which is a major constraint in the use of technology. However, the problem is overcome by installing 35 KVA generator.

2021-22 BEST PRACTICE – 1

1. Title of the Practice: Learning Through Competition

2. Objectives of the Practice :

The objective of the practice is to provide platform for students to demonstrate the talent, a stepping-stone to achieving greater things in life. In turn the rewards of student competitions can help to achieve the educational and professional goals.

- To develop the design skill and problem solving capabilities.
- To improve leadership quality and management skills.
- To improve decision making ability.

3. The Context :

The institute consistently provides motivation, support, and platform for students to inculcate leadership and multidisciplinary skills for enrichment of competency. The institute provides necessary financial assistance and resource every year to strengthen such activities. Due to regular schedule of academics selecting the right candidates for the activity is really a tough task due to shortage of time. In spite of busy academic schedule and shortage of time we had to put in extra hours for competition. To ensure the talents of students by held to these competition. To develop speaking and writing skills in students.

4. The practice :

All students are informed well in advance by circulating notice regarding competition. All competition was done under the cultural department. Every competition was assigned to specific faculty. Under the competition will designed a certificates, cash prizes. Among these competitions and winners are got cash prizes.

5. Evidence of success : The faculty are strives hard to make a position for themselves in every field. The cultural committee conducts various activities which is appreciated by the various competitions.

2021-22 BEST PRACTICE – 2

1. Title of the Practice: Campus Recruitment in Institution

2. Objectives of the Practice :

It's a very popular method/ term which is been used in today's time for recruiting fresh graduates/ post graduates by the small, medium and large organizations. In campus recruitment companies visit some top technical and professional institutes to hire young and well-groomed crowd. It's different from traditional methods where job seekers approach employers in this process the employers themselves visit various high profile institutes in search of energetic upcoming talent. The major objective of campus recruitment is to identify the talented and qualified students before they complete their education, as this process reduces the time for an industry to pick the candidates according to their need.

3. The Context :

Campus recruitment is the process by which the corporate recruit students who are about to graduate from the educational institutions. The selection process varies from company to company, may have pre placement talk, written test, group discussion and interviews. Students and the recruiting companies are considered to be the major stake holders in a campus recruitment process. Entry level salaries and the recruitment season are considered to be the important parameters in a campus recruitment process. The study analyses the perception of the students and the human resources (HR) managers on the entry level salaries and the recruitment season.

- ♣ To know about various companies using campus recruitment method and finding their strategies.
- ♣ To study the recent trends and challenges in campus recruitment method.

4. The Practice :

Campus placements can be nerve-wracking. Job hunting has always been challenging, especially for freshers. The uncertainty of finding a job without experience seems tricky as you may not know where to start.

This is why all college students want to give their best shot when it comes to campus placements.

1. Apply with clear resume. 2. Research the Companies 3. Prepare for interview questions. 4. Practice for all kind of interviews

5. Evidence of success :

nowadays, due to a high level of competition coming from everywhere. So doing well at the entrance interview is extremely important. In our institute heired 24 top companies such that in the manner of these companies 1284 students and other youths got selected.

6. Problems encountered and resources required :

The problem was Campus hiring process differs from company to company so students and youths got confused. That's why need to be same process

BEST PRACTICES 2020-21

CRITERION VII - INSTITUTIONAL VALUES AND BEST PRACTICES

7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual. Best Practices 2020-2

2020-21 BEST PRACTICE – 1

1. Title of the Practice: Online classes using the Google classroom app, ZOOM, and Google Meet app, and feedback are obtained from students on phone calls /Online.

2. Objectives of the Practice :

- To continue studies and academic activities of students during the lockdown and crucial period due to the Covid-19 pandemic
- To maximize student participation in online classes.
- To ensure regularity of students, so that contents are properly delivered to students as regular attendance of students is very important to understand all the topics of any subject because all the subject are related to each other.
- To maximize interactions with students as students are not able to come to college.
- The objectives of taking feedback from students, improving interactions with students, boost up morale in such a crucial period so that they can utilize their time in the teaching-learning process.

3. The Context :

The prevailing system of higher education focuses mainly on the academic aspects and performance. Continuity and regularity both are equally important to understanding course contents. Due to the COVID-19 pandemic, the world suffered a lot, to continue academic activities in such a pandemic situation when students and teachers both are not able to come to college and social distancing is a priority, online classes are only the solution. Thus college has started online classes using the google classroom app, WhatsApp groups, zoom app, google meet app, etc. And a link is also provided on the WhatsApp group to upload e-contents on regular bases so that students can reach them from anywhere, anytime, whenever needed. To improve interaction with students and increase involvements students, feedback forms are made to be field by the students on phonecalls by the teacher, and their responses have recorded so that their suggestions in corporate in the upcoming process

4. The practice:

To continue academic activities, first of all, classes are created on the google classroom app, and teachers have created their classrooms and password on the google classroom app. password and classroom details are forwarded to all the students via SMS and then all students join classes .onlinelink of zoom class is

sent by all the teachers on google classroom app on regular basis according to the schedule made in the the the department .students attend classes from their homes using mobile or laptops and teachers maintained their attendance registers .and then on regular basis,

E- contents are uploaded on google classroom apps as well as college website by all the teachers and interaction with students can be made in zoom app /google meet app interactive sessions .feedback from are obtained by the teachers using phone calls and what groups and google classroom apps itself and suggestions are in corporate to improve quality of the teaching-learning process. Quiz and seminars are organized by using google forms and zoom meetings and students submit their assignments on the google classroom app. similarly internal evaluations are conducted online using a google form, zoom sessions and as per guidelines provided by the university and government

5. Evidence of success :

Information is available on the google classroom app.

Attendance registers are available

Feedback from students, teachers, and parents is positive

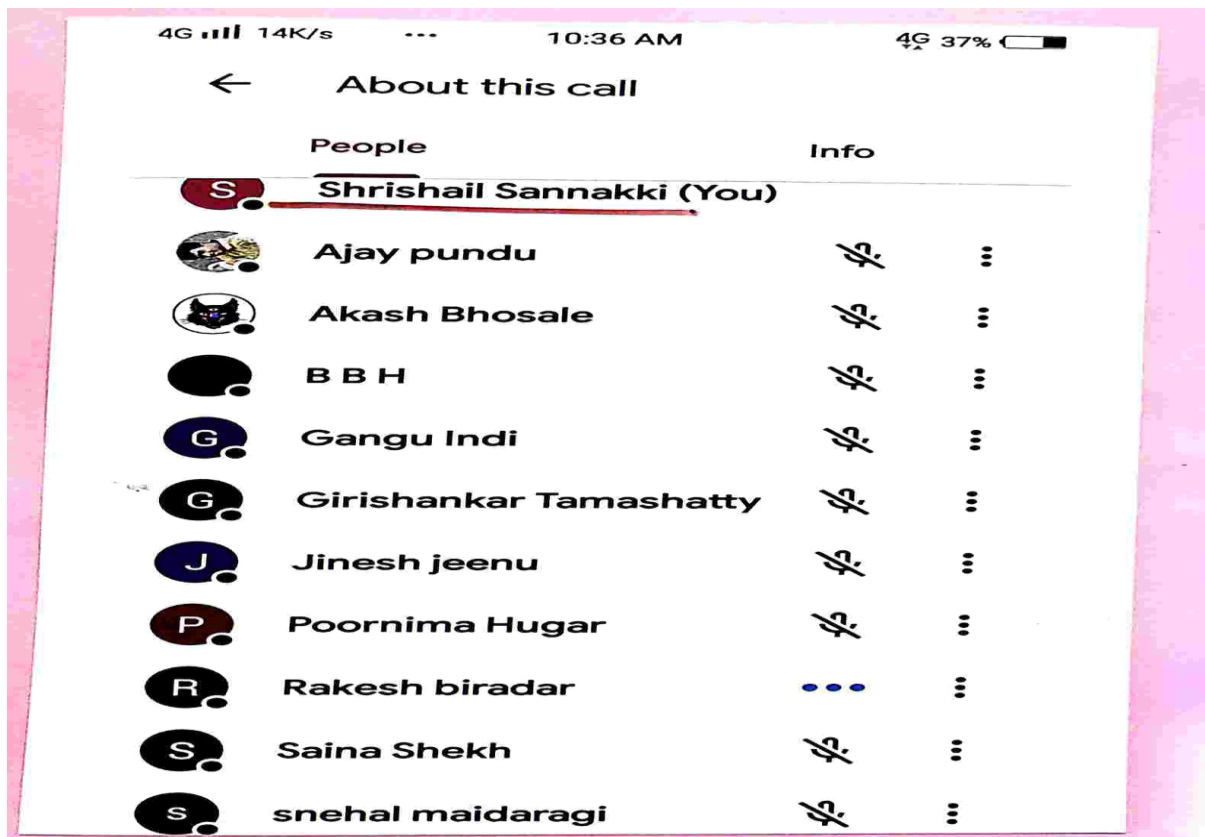

6. Problems encountered and resources required: in this situation sources of mobiles laptops and network issues occurred with some of the villages students and teachers

Teachers are motivated to teach online and students are motivated to attend classes as strength increases.

2020-21 BEST PRACTICE – 2

1. Title of the Practice: Free Vaccination for all students of college, faculties, and other people against COVID-19

2. Objectives of the Practice :

The objective of the practice is to vaccinate all faculties, staff members, and other stakeholders like students, college staff, alumni, and other people corporate associated with the institute against the COVID-19 virus.

3. The Context :

Free Covishield and Covaxine vaccination drive was conducted by the college, Indi in association with the govt. hospital for its staff and family members, students, and staff.

1st and 2nd Dose –

1. 29th June 2021 - 72
2. 30th June 2021 - 138
3. 3rd July 2021- 98
4. 4th July 2021-101
5. 7th July 2021- 482

4. The practice :

Due to this vaccination drive, all members were relieved from getting severe effects of the COVID-19 virus and are safeguarded from further consequences of the pandemic.

6. Evidence of success :

The faculties, staff, and students were much less worried about the pandemic and became much more regular and focused on their work.

7. Problems encountered and resources required :

The main problem was maintaining the COVID-19 protocol during the vaccination drives. Another problem was that the demand for vaccines was more than the supply.

Title of the Practice: **The morning prayer is the best practice.**

Objectives of the Practice:

To create cultural habits among the students. To maintain discipline. To keep the mind and the soul peaceful. Prayer is conducted everyday morning to mold the students to give spiritual value. Prayer enhances team spirit, self-confidence, and leadership quality and strengthens personality.

Context:

A committee has been formed to monitor the prayer so that individual attention of the students is encouraged. Both students and teachers are important participants in the occasion of prayer. It is conducted to provide opportunities for the student to plan prayer gatherings and execute the prayer. The college focuses on unity and team-building quality through prayer by the students. The prize winners of various competitions in sports and cultural activities are appreciated in the prayer assembly for enhancing their positive attitudes. News of the day read on the day to enrich students' general knowledge.

The practice:

Every day, prayer sessions are organized to improve the quality of education. The prayer committee guides and encourages students to plan and conduct prayer on a regular basis. It is better to conduct the prayer, department-wise every day. A minute of silence is observed to create the prayer program, department wise every day. A minute of silence is observed to create calmness and a sense of integrity is developed. The habit of reading is developed among the students. The principles of self of the day-- discipline and confidence are inculcated the students are informed about daily activities and they are regularized in their academic work. The practice of prayer improves attitudes towards a sustainable lifestyle.

Evidence of Success:

The prayer assembly offers opportunities for the students to improve communication skills and remove the stage of fear. The prayer supports the students to have a calm and reflective mood. Prayer creates a sense of pride in the students. It instils self-confidence. It moulds students to have a friendly approach with neighbours, family members, and society also prayer and a sense of togetherness are developed. Through prayer, moral, social, and spiritual values

are inculcated successfully. Thus, we inculcate the spirit of harmony among all religions in the young minds of the students.

Problems encountered Resources Required:

Conducting the prayer on the college ground by keeping the students and staff members stand will create health problems like leg pain and giddiness. Adverse climate conditions also may affect the participants. Hence make the students stand in shadow and conduct the prayer for a maximum of five to ten minutes. If the prayer is prolonged make the students sit on the ground. assuring the utmost Specific Facilities Provided For Ladies

Best practice - II

Title of the Practice: Promotion of universal values among students.

Objectives: To inculcate human universal values in students, in fulfilment of realization of the moto of the institute.

Context:

In today's world, where the majority of the people are pursuing only self-interests relentlessly, the institution recognizes the need to inculcate universal values like the promotion of truth, selflessness, righteousness, etc. Our college is working toward this goal.

The practice:

To provide a common code of conduct that can bring in,

- harmonious development of body, mind, and soul and promotion of universal values.
- Cultivate inner calmness "a way to peace".
- Shed selfishness and learn to help others.
- Practice truthfulness.
- to deal with academic and emotional stress by tapping their inner sources of strength.
- to develop a positive attitude

The college has organized the following activities.

- A special lecture on values as perceived by Personality Development and Yoga was held on 15.11.19.
- Programme on the importance of Democratic Institutions and students' Awareness of a vote, was held on 25.01.19.
- Psychological counselling of girl students in commemoration of Women Empowerment held on 12.10.19.
- A program on the promotion of universal values by World Human Right Day 06.04.19.

Evidence of Success:

Students are increasingly taking interest in this practice. They are regularly attending these classes despite their schedule of usual classes.

Problems encountered Resources Required:

No serious problems here encountered, but some of the following difficulties were experienced:

- a) Resource persons are reluctant to come to this area, which is about 60Km from the district headquarters.
- b) Financial resources need to be strengthened to invite prominent personalities to speak on the subject.

Best practice I

Title of the practice: **Cleaning of the college campus**

Objectives of the Practice:

To continue to keep the camp clean and tidy and as done in the last year still value the dignity of labor and working together with the students

The Context:

This college is situated in an area of 12 Acres. It has 250 trees and other foliage. Thus, there is yet a lot of plant wastage in the forms of leaves and wood.

The Practice:

The process begins generally in July/ August with the start of the academic year. The strength of the team is 100 students composed of 50 NSS students and 50 freshers on rotational bases. The students are asked to take out weeds and other waste material. This biodegrade material is dumped into a pit of 100 cubic feet. This is left to decompose into organic manure. This process is done once a week on Saturday from 10 am to 11 am. The entire gamut of this exercise is led by the NSS coordinator and other faculty on rotation.

This exercise has made a distinct impact on the cleanliness of the camp, as also on the ability of students to work in team spirit.

Evidence of Success:

This initiative has created an ambiance of positive involvement in the students and staff alike.

Problems Encountered and Resources Required:

No major problems were encountered. The small requirements of brooms/ spades and other pruning materials were provided by the college.

Title of the Practice : Tree plantation

Objectives of the Practice:

To continue to keep alive the environmental consciousness on 12 acres of campus Which provides enough space for tree plantation, and which can make the campus green and pollution-free.

The Context:

With the help of the Forest Department, the college wanted that some action to be taken to increase green coverage on the campus and had identified space for additional tree plantation.

The Practice:

The team sought the help of the department of forestry and they felt that at present planting needs would be of great ease and help. Thus 50 neem trees were planted during June/July 2018-to 19

Evidence of Success:

20 neem and more are other plants that have been planted by the students on a college campus. Now we are hoping that after this rainy season, these planted trees will provide us with feelings of happiness. The Forest department suggested that we should take slightly grown-up sampling having a height of about a meter. This suggestion was accepted. The digging of soil and its preparation was undertaken by the students.

Problems Encountered and Resources Required:

The following problems were encountered

a) Shortage of piped water for each tree.

b) Guards/ protection through barbed wire to the saplings as fencing.

These issues have been discussed with the Principal. The cash has prohibited in having fencing.
