## 7.3 Institutional Distinctiveness

## Providing Quality Education to The Rural Youth

The college was established in 1979 by S S V V SANGH'S association, Indi district- Bijapur with the objective of providing Higher Education to the youth in this educationally backward area of Karnataka. The President, General Secretary and all the members of Governing Body of Parent Association are great visionaries, philanthropists and educationists who strive restlessly for the upliftment of disadvantaged rural community. This college was established with the following broad-based vision and Mission. Vision Empowering of Rural Students through Rural Oriented Higher Education. Mission To offer excellent education to the poor and the backward class students of the rural area and goal at the overall personality development of the students through extra and co-curricular activities, social and cultural organizations. The institution is committed to provide quality education to the rural youths at affordable cost. It constantly strives for holistic development of students and extends all support to academic progress. The distinctiveness of our college is effectively reflected in the following points.

- Since the college is situated in urban area, the faculty strives to disseminate the importance of education in local and neighbourhoods aiming at transforming all the poor and rural youngsters into educated, qualified and responsible citizens.
- We are proud that ours is the premier institution with better infrastructure than the peer institutions in this backward locality providing the rural and under EST.1979 DISTINCTIVENESS privileged communities an affordable and easy access to higher education.
- The college has 100% students from rural areas and most of the students are first generation learners.
- Since most of the students belong to BPL families their parents are unable to get their children educated in urban areas. So, ours is the distinct institution in this locality.
- We have the appropriate ICT infrastructure like classrooms with LCD projectors, Smart Boards, Computer Lab, Language Lab, ICT and Commerce Lab enabled spacious Conference Hall for providing quality education to the rural community within their reach. The institutions in the surrounding locality do not have such modern facilities.
- Facilities are provided for free training programmes for students to attain the required competency, employability and knowledge for facing competitive examinations. The college has signed MoU with Shree Mata IAS/KAS Academy, Vijayapura and Aryabhata Competitive Coaching Centre, Vijayapura, to train the rural students to make them empowered and future-ready.
- In addition to this, the institution regularly organizes Special Lectures, Seminars/Webinars/Workshops on various topics and burning issues so that the rural youth can learn many new things which are beyond the curriculum.
- The institution also conducts Students and Faculty Exchange Programmes with the peer institutions in the surrounding locality and provides to the students an opportunity of learning under diversified learning environments.
- The N.S.S Cell and Scouts & Guides promote the societal values and ethics such as compassion, perseverance, tolerance, positive attitude, fraternity, integrity, equality, temperament of serving others. The acquisition of these societal values ultimately transforms the students into the valuable asset of nation who contribute towards national development. .
- The Women Empowerment Cell and Anti-Sexual Harassment Cell aim at sensitizing the students in gender-based concerns and promote the essence of gender equality to make the society more inclusive, tolerant and ethical.
- The most glaring feature is that 86.17 % of students belong to OBC and 12 % students belong to SC/STs.

### 7.3 - Institutional Distinctiveness

The institution is to impart excellent education in arts, commerce, computer applications and social work to the utmost satisfaction of the students and stakeholders. To provide dedicated, committed services to economically challenged rural students through effective teaching. To develop academic excellence and character building. To empower students to learn through sharing, enhance team work, leadership qualities and provide extension services to themselves and society.

Our institution provides high-quality facilities to fulfill the student's needs in the respective area of career opportunities and placement assistance. The Placement cell organizes and extends services towards collaborative placement through the ICICI Bank activities i.e. The cell conducts training activities for the B.Sc B.Sc(CS), BA, and B.Com students mainly focusing on Career planning, Personality Development Industry Institute Interaction, Campus placements. Continuous interaction of the cell with the Alumina also helps in achieving the goals & motivating students to contribute in this direction. As on more than 209 students placed in eminent IT industry like Fidrox India Pvt Ltd, G4Security, Muthoot Flncorp, J K Tyres, etc. Our goal is to set up a knowledge hub where Career Opportunities follow students not the vice versa. The college has created an interactive and stimulating environment by organizing various student-centric activities such as programming Competitions, Essay Writing competitions, competitions, Debate competitions, Speech competitions, workshops, and seminars. Students can build their knowledge through study facilities libraries, reading rooms, e-resources etc. for their personality development.

2019-20

7.3. Institutional Distinctiveness

Title: Introduction of e-mode of teaching/learning and evaluation

## Description:

The academic year 2019-20 restricted the teaching activities due to covid-19. The college was not fully able to meet the requirement of teaching e-learning modes. The process required, in the first place, to train the faculty who have not used it, as also the students. Additionally, some more communication devices like the zoom app were to be acquired so that the students can be brought into "virtual classroom mode", although most of them were at their residencies, mostly in remote villages.

With the guidance provided by the management, the staff took this task to their heart. They created subject-wise class groups by allotting links.

This system of e-learning did pave an easy path for the students to learn and understand the subject, and answer the questions in virtual mode.

The whole exercise was done in a filament of the college motto which is "Knowledge leads to peace and prosperity".

This has been the distinctive achievement of the college, by overcoming all the obstacles in terms of making teachers hone their skills with new technology and making students participate in learning remotely.

The biggest achievement of this exercise is that now, the students are enthused to adapt their mode of learning even with offline classes with greater vigor.

### 7.3 - Institutional Distinctiveness:2018-19

7.3 - Institutional Distinctiveness: It is very important in the overall progress and development of the institution. With this view, our college has its mission statement accordingly we always try to function uniquely, innovatively, and distinctively from the other institutions. As far as our Mission and Vision are concerned, the college always tries to implement distinctiveness in its work. Our college has a large number of students from the surrounding villages. The number of girl students is more in number. Most of the students from rural areas have poor backgrounds, but they are not poor in talent, knowledge, and humility. Our college staff identifies their talent and encourages them as per our mission statement, 'we aim to bring the girl students into the mainstream of higher education. This institution was established on the year 1979. The main aim was to provide an opportunity to the rural students of this area especially the rural girl students to pursue higher education for their development and the progress in the family. By mission statement, HEI gives exposure to the girl students to get an opportunity to participate in every curricular, extracurricular, and extension activity very actively. Through the NSS, ROVERS, and RANGERS, the girl student gets a stage and dais to develop their academic as well as professional, cultural, social consciousness, alertness, and responsiveness. The college organizes women empowerment programs for making them confident enough to struggle in the battle of life. Various eminent women personalities are being invited for guidance on several issues. Special health-related Seminars and workshops were organized and health check-up camps have been organized to find out the health issues and provided them with Government and private hospital help in the form of consultancy and expenditure. We constructed special girl students to facilitate them. As per HEI guidelines, we have taken the initiative and started taking admission to special girls in ROVERS RANGERS and NSS for the last 3 years. With this effect, many of them are selected by the Karnataka Police Department, Railway Department, and Education Department In Multi-National Companies. We are very proud to say that our students are selected for Army as a Soldier. The soldier is the real hero of the nation. Department of Physical education had allowed them to actively participate in Chess, Volleyball, shuttle badminton, etc. The cultural department provides them with an opportunity to participate in various cultural competitions at the university level, and state level. The college always considers the dam-affected background of students as a central input and strength of the institution.

#### Additional Information:

- Our college provides an opportunity for the rural youth, especially for the economically underprivileged students from villages.
- Literacy rate is gradually improving in the various villages of Indi Taluk.
